SUFFOLK MATHS COURSES

Assessment & Moderation for Mastery

How can we combine Maths Mastery with the demands of the moderation process and the needs of a school tracking system. This half day course will demonstrate techniques to evidence progress and coverage for moderation.

KS2 Monday 9th October 1.30-4.00pm

Trinity Primary, Stowmarket

KS1 Monday 5th Feb 1.30-4.00pm

Times tables using the CPA approach

How can we improve our children's number fluency and times tables. Half a day exploring activities designed to support fluency in the KS2 classroom. Time to reflect on whole school issues around times tables and alternatives to testing across the school

Tuesday 14th November

1.30pm-4.00pm

Trinity Primary, Stowmarket

Mental Methods & Fluency in KS2

Half a day course full of exciting ideas and proven ways of teaching number to promote rapid and accurate recall. Discover ways to encourage progression of mental skills and come away with a thorough knowledge of facts children should know in the primary years and how to teach them.

Tuesday 16th Jan

2018 9.30-12.00pm

Trinity Primary, Stowmarket

Courses presented by Chris Gallagher & Ruth Bull

Chris Gallagher is a warm and inspiring Primary Maths Consultant who provides INSET and guidance to Primary Schools nationally. His supportive yet challenging outlook is based upon research and proven pedagogy found in top performing countries. Previously a Headteacher in Suffolk, Chris is a MAST teacher and Teaching for Mastery lead for the NCETM

Ruth Bull has worked in Suffolk schools for the past 20 years and is an experienced classroom teacher and subject leader. Ruth completed the MaST course in 2012 and then a Masters' degree in Maths Education (2013) having completed a dissertation in mathematical thinking. Ruth combines freelance maths advisory work with teaching in a Suffolk primary school.

All half day courses are £75 pp

All the courses above are available for delivery in schools or in groups of schools.

We also provide individual maths support or tailored maths inset linked to your school improvement plan.

For more information or to book a course please contact Chris Gallagher on 0794 6536768 or email chris@solve-ed.com or book online at www.solve-ed.com
