

**This Year 2 Rapid Recall Board (Side A) covers the following National Curriculum objectives:**

My number is (10 to 20)

Label the number line in steps of 2, 3, and 5 from 0, and in 10s from any number, forward and backward

Identify, represent and estimate numbers using different representations, including the number line

Compare and order numbers from 0 up to 100

Read and write numbers to at least 100 in numerals and in words

Compare and order numbers from 0 up to 100; use <, > and = signs

5 >   -  

Circle the facts which are greater than  

10 - 4 =      20 - 17 =      8 + 13 =  
Use place value and number facts to solve problems

20 - 6 =      19 - 16 =      9 + 13 =  
Compare and order numbers from 0 up to 100

7 + 7 =      14 + 2 =      13 + 9 =  
Apply their increasing knowledge of mental and written methods

6 + 4 =      5 + 6 =  
Recall and use addition and subtraction facts to 20 fluently, and derive and use related facts up to 100

6 + 3 =      2 + 2 =      8 + 6 =

4 + 10 =      14 - 8 =  
Add and subtract numbers using concrete objects, pictorial representations, and mentally, including: a two-digit number and 1s, a two-digit number and 10s, 2 two-digit numbers

12 - 6 =      17 - 11 =

11 - 9 =      5 + 6 =      16 - 10 =

11 - 6 =      4 + 7 =      13 + 5 =

Solve problems with addition and subtraction: using concrete objects and pictorial representations, including those involving numbers, applying their increasing knowledge of mental and written methods

Recognise and use the inverse relationship between addition and subtraction and use this to check calculations and solve missing number problems

Circle the arrays which are smaller than  

Solve problems involving multiplication and division, using materials, arrays, repeated addition, mental methods, and multiplication and division facts

Compare and order numbers from 0 up to 100

	Add a ✓ or a ✗
<span style="border: 1px solid black; border-radius: 50%; padding: 2px 10px;"> </span> is an even number	
4 + 9 is bigger than <span style="border: 1px solid black; border-radius: 50%; padding: 2px 10px;"> </span>	
Double 7 is less than <span style="border: 1px solid black; border-radius: 50%; padding: 2px 10px;"> </span>	
10 plus 7 is equal to <span style="border: 1px solid black; border-radius: 50%; padding: 2px 10px;"> </span>	
<span style="border: 1px solid black; border-radius: 50%; padding: 2px 10px;"> </span> is less than 20 - 7	
Recall and use addition and subtraction facts to 20 fluently, and derive and use related facts up to 100	
The ones digit is even	
The tens digit is odd	
Double 8 is more than <span style="border: 1px solid black; border-radius: 50%; padding: 2px 10px;"> </span>	

Complete the sequence in steps of one

Read and write numbers to at least 100 in numerals and in words

Count in steps of 2, 3, and 5 from 0, and in 10s from any number, forward and backward

Use the triangle to create 4 calculations

Solve problems with addition and subtraction: using concrete objects and pictorial representations, including those involving numbers, applying their increasing knowledge of mental and written methods

Recall and use addition and subtraction facts to 20 fluently, and derive and use related facts up to 100

Add and subtract numbers using concrete objects, pictorial representations, and mentally, including: a two-digit number and 1s, two-digit number and 10s 2 two-digit numbers

Make up your own calculations

Solve problems with addition and subtraction: using concrete objects and pictorial representations, including those involving numbers, applying their increasing knowledge of mental and written methods

Recall and use addition and subtraction facts to 20 fluently, and derive and use related facts up to 100

Add and subtract numbers using concrete objects, pictorial representations, and mentally, including: a two-digit number and 1s, two-digit number and 10s 2 two-digit numbers

Compare and order numbers from 0 up to 100; use <, > and = signs

Solve problems with addition and subtraction

Recognise and use the inverse relationship between addition and subtraction and use this to check calculations and solve missing number problems

Add and subtract numbers using concrete objects, pictorial representations, and mentally, including: a two-digit number and 1s, a two-digit number and 10s, 2 two-digit numbers
